

CONVERGE **DAYS OF PRAYER**

The prayer of a righteous person is powerful and effective.

James 5:16

Just as Jesus communicated with his Father in Heaven through prayer, so can you. And as prayer becomes a larger part of your life:

- You will become less focused on yourself, and more focused on Jesus.
- Your temptations and fear will give way to dependence on God and confidence in him.
- You will begin to discern God's will and calling in your life.
- It will be your weapon when you are drawn into spiritual battles.

Your power to be used by him to effect change in this world begins with prayer. Beyond yourself, when you pray, you build and strengthen bonds with other believers. We are one of a large number of churches from across the globe affiliated with the Converge movement that will be holding 21 Days of Prayer in January. Imagine what will happen when churches around the world focus wholeheartedly on communicating with our amazing God through prayer.

This January, we will come together for 21 Days of Prayer. Together, we will pray for God's leading in our personal lives, in our church and across our community.
