

Networking Asia

Oct 2017 – Japan Ministry Spotlights and Prayer

John and Elaine Mehn

East Asia Regional Church Planting Network sets new goals. - Twenty-three leaders met in late September in Ikoma Japan as part of the East Asia Network of the Global Church

Planting Network (GCPN). Besides GCPN consultants, leaders from Thailand, South Korea and Hong Kong and national teams representing Mongolia, Taiwan and Japan developed goals for

national church planting processes. Short and long-range goals were set in five areas: leadership, prayer, training, strategy and national team. The team from Japan continues the direction of the Church Multiplication Vision Festa and last year's Congress on Evangelism leading to further networking for planting thousands of new churches in the 2nd largest unreached people group, the Japanese .

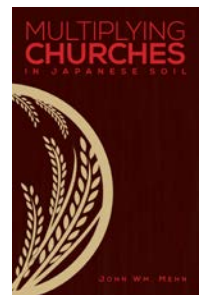

2017 CPI National Conference breaks all records. - Total numbers were overwhelming with over 640 people registered, making this the biggest CPI conference ever! We have absolutely

packed this newer and larger resort. Now we are in a flurry of activity getting ready for this record-breaking event on October 25-27. Please pray for the preparations, the entire staff, and that God would truly bless with the theme of

Gospel and Mission. Besides leadership and administration, Elaine and John will be training in spiritual renewal and taking appointments as spiritual mentors. Our next newsletter will highlight the conference and we hope to take several videos for church updates. Information is available at www.conf.jcpi.net.

John's book is published! - In late September William Carey Library Publishers, publisher of the Perspective course, released John's book *Multiplying Churches in Japanese Soil*. We are raising funds to see that all English-speaking attenders at the 2017 CPI Conference will receive a free copy of this book. A Japanese translation of the book is currently under way.
